

Summer 2026

Water Wonderful World

Why Am I Learning This?

We are learning about 'water wonderful world' as it helps us learn about water and the role it plays in our world : shaping landscapes, sustaining life, and influencing weather, climate, travel, and human activity. By exploring water, rivers, oceans and the environment, we will develop a deep understanding of our natural world and our role in caring for it. This topic encourages curiosity, problem-solving, ethical thinking and real-world application—all central to the Curriculum for Wales.

Key Questions

- Where does water come from?
- How deep are the oceans?
- How are rivers formed?
- How is the sea reacting to climate change?
- How and how much water do we use in a day?
- How are waterfalls formed?
- Does all the water come from oceans?
- How long does it take a puddle to evaporate?
- How do sea creatures become endangered?
- Where do the clouds get their rain from?
- Does our water have chemicals in it?

Learning Journey

Humanities - mapwork, River trip, identify river features, natural disasters

Skills: mapwork, geographical skills and language, keys, grid references, research.

Science - Natural and man made materials, diseases, evaporation, the water cycle, bridges, hydraulics,, filtering

Skills: investigation, accurate measurements, recording and interpreting data. design skills.

Creative - David Hockney, kwik cricket, athletics, Charanga

Skills: groupwork, drawing skills considering audience, small ball skills, fielding and catching

Health and wellbeing - keeping healthy -

disease, hygiene, first aid, puberty,
Skills: informed decisions, safe/unsafe, hygiene

Literacy including Welsh, Numeracy and DCF

Literacy - Information writing

Literacy stiulus - The Legend of Crab Phare short film.

Numeracy - Mental maths, TT Rockstars, interpreting data, graphs and data collection, translations, 3D shapes, area and perimeter, time, timetables, negative numbers

cross curricular numeracy - timetables, graphs on water use, money, budgeting,

Welsh - third person, Fa la la,

DCF - use digital tools to present information, animation, coding, spreadsheets

Learn, have fun and reach for the stars!
